

NATURAL SEASONAL ALLERGY SUPPORT

Allerplex[®] supports the body's ability to handle seasonal, environmental and dietary challenges

- *Contains a combination of ingredients, including food sources of Vitamins A and C, that supports the body's natural immune system function*
- *Supports healthy liver, lung and respiratory function, and helps the body naturally manage mucus movement*

Antronex[®] supports the liver and the body's natural detoxification processes

- *Supports the liver in efficiently filtering blood to eliminate histamine from the body (acts as an anti-histamine)*
- *Used in allergy and food sensitivity conditions*

Cal-Amo[®] helps the effectiveness of natural and over-the-counter anti-histamines

- *Contains compounds that are useful in supporting proper acid/alkaline balance*
- *Supports a normal cellular pH in the body and healthy respiratory function*

Drenamin[®] helps the body's response to environmental stresses and supports the immune system

- *Supports healthy adrenal gland function, which in turn helps manage healthy blood sugar levels and energy production*
- *Helpful when dealing with fatigue and a high stress lifestyle*

AllergCo assists in maintaining healthy breathing passages and works as a natural anti-histamine

- *Supports a normal immune system response*
- *Encourages the body to respond normally to occasional seasonal stresses*
