# Summer Health

*Summer Skin and Body Health*

To see all of the summer sun health items that we have available today!

For the month of July we are celebrating summer sun health for your skin & body. Standard Process offers a variety of supplements to help maintain a healthy body during the summer.

## SUPPLEMENTS

Cataplex F contains important unsaturated fatty acids which have been shown to possess skin-supportive properties. It also contains iodine that is essential to the function of vitamin F & unsaturated fatty acids.

Dermatrophin PMG is formulated to help maintain the healthy functioning of the skin.

Wheat Germ Oil contains vitamin E for skin health & healing.

Chezyn contains zinc, which works synergistically with other minerals, such as iron, copper & the vitamin A complex. Zinc helps promote healthy skin structure & function.

Cataplex ACP not only supports cardiovascular health and immune function, but it helps with the maintenance and support of healthy cells and tissue by supporting the small capillaries of the skin

Bug Bouncer utilizes the repelling properties of the Delphenium plant (*staphysagria*), which repels mosquitos naturally
